We prepare our students to work as Pastors, Youth Ministers, Discipleship Directors, Educators, Organizational Administrators, Evangelists, Missionaries, and Church Staff. Our students are presently serving all over the world working in their churches, communities, schools, colleges, universities, seminaries, and the mission field.

Our Programs

Theology and Ministry Degrees Online

The Theology and Ministry Degrees Online offers significant advantages when compared to traditional brick-and-mortar schools, Bible Colleges or Seminaries. Our affordable Theology and Ministry Degrees Online enables you to study anywhere at any time, study at your own pace, review videos as many times as you need, and it is more affordable and more time efficient than regular programs. These factors make our affordable Theology and Ministry Degrees Online an attractive proposition for those who cannot attend or afford a regular Bible College or Seminary.

Master Degrees

Lucent University offers Master Degree of Ministry (M.A. Min.) and the Master Degree of Theology (M.A. Theo.). The programs were developed for those who have completed a non-biblical higher education degree or bachelor programs. The degrees meet the growing need of secular professionals that seek to increase their knowledge of the Bible and improve their talents in order to better serve God in their churches, communities, or in the mission field.

Bachelor Degree

All our Bachelor programs are double majors. You can choose two concentrations, provided one concentration is related to Ministry or Theology. For instance, you can enroll in the Ministry degree and choose a second concentration in Theology, Technology, Business, Counseling, or Health Care. The courses related to Technology and Business will start being offered the Fall of 2019. Beginning in the Fall of 2020, the courses in Counseling and Health Care will be launched. Upon the completion of 120 credit hours, you can be granted a Bachelor's degree in Theology and Ministry, Technology, Business, Counseling, or Health Care.

Associate Degree

The Associate of Ministry Degree (A.A. Min.), also known as Technical or Technologist degrees outside the United States, was designed for those who feel called to enter the ministry and have completed a high-school diploma.

Certificate Courses

The Certificate Course of Theology or Ministry were developed to teach the Bible and ministerial skills to students that feel called to enter the ministry but do not wish to pursue a formal degree program. The program covers Introduction to the Scriptures, Bible interpretation, theology, evangelism, expository preaching, ethics, apologetics, biblical languages, church administration, counseling, and servant leadership.

Our Courses

Our courses were designed considering the spiritual and material challenges Gospel Ministers face in the real world. Our degrees are practical in nature and will prepare you with all the skills you need to effective ministering in your Church, community, or the mission field.

Six months is enough time for you to watch all your classes, read the recommended materials, take your tests, and write your projects.

How much time do I need to dedicate to my studies?

There is no specific time students have to dedicate every week to their studies. We suggest students enrolled in the Associate degree should dedicate 8 hours per week, and students enrolled in the Master degree should dedicate 12 hours per week. Students enrolled in the Certificate Course are free to study at their own pace.

Can I choose the number of courses I take?

Students enrolled in the Certificate Course can choose what courses to take at their discretion. Students in the Master and Associate degrees must take all the courses listed in their respective programs in order to complete their programs. Currently, our programs do not offer elective courses.

When will I receive my Diploma or Certificate?

Yes. Students who have fulfilled all the prerequisites of the program, and have made all the payments, will receive a certificate or diploma upon completion of the program. candidate for an Associate or Master program completes the enrollment form, he or she receives an email with the information on how to access the TEC. The TEC is free of charge. The test has a total of 100 multiple choice questions. The candidate has 90 minutes to complete the test.

How many points do I need in the TEC?

In order to complete the enrollment in the Associate or Master programs, the student must achieve a score of at least 70 points. The maximum score of a candidate can achieve is 100 points. If the student does not achieve the necessary points to enroll in the first trial, he or she can retake the test three more times. If, after three trials, the student doesn't achieve the necessary points to enroll, he or she can contact Lucent to evaluate other options.

Lucent University has gained Candidacy Accreditation by Accreditation Service for International Schools, Colleges and Universities (ASIC) in the United Kingdom. Lucent University is in full compliance with the laws of the State of Florida and the US Government. It can legally issue higher education biblical diplomas at all levels, including Associate's, Bachelor's, Master's, and Doctor's degrees. Students in the United States seeking a regionally accredited institution should note that Lucent is not accredited by these agencies.

What are Credit Hours?

A credit hour is a measuring unit adopted by institutions, mainly in the United States. Credit hours are used to count educational credits. Can I transfer credits from another institution?

Yes. Students can transfer credits upon presenting the official transcript from another institution. Lucent's academic department will determine the equivalence to the courses we offer based on comparable learning outcomes. Only those courses for which the final average grade is superior to 70 points will be considered for transfer. The transference of courses will decrease the student's course load, but the price of the monthly tuition will remain the same, regardless of how many credits are transferred.

How does student support work?

There are two kinds of student support. The primary type of support is from within the student's page. All students can send unlimited internal emails from their own pages asking Questions to his or her tutor. The other type of support is the live monthly Q&A sessions when professors answer the Questions asked by the students in real-time.

How do the exams work?

All exams are multiple choice with a 1 to 100 points grading system. The passing grade is 60 points and above for the Associate Degree and 70 points and above for the Master Degree. Students that get a grade below passing can retake the test up to three times. Failure on achieving the minimum passing grade in the tests can be compensated by writing projects for extra credit.

How do I write my papers?

At Lucent University students don't write book reviews, compositions, or research papers. All the written work is based on projects. For most courses, you will write a project on how to apply what you learned. To make things simple, we provide a template, like a questionnaire, with each project.
